Tom's Special Talent - Dyslexia (Moonbeam Book Award Winner 2009) - Special Stories Series 2

Synopsis

Tom isn't sure if he has any talents at all when he sees how good his friends are at writing and reading. But a school competition soon helps him to find his own very special talent! Children with Dyslexia or a learning difficulty often find school a daunting and sometimes terrifying daily task. In an environment where certain skills, like writing and reading, are praised and highlighted more than others, it is important for children to recognise that everyone has a 'special talent' of their own. It encourages other children to be mindful of the differences that exist between their friends and classmates and to be aware that all children, regardless of their talents, learn differently.

This book is about Tom's artistic abilities. It does not address dyslexia. Yes, it's very important for kids with learning problems to build up their areas of strength but when an author writes a book about a child with dyslexia, one assumes that dyslexia will be part of the story.
