Eat, Drink, Think In Spanish: A Food Lover's English-Spanish/Spanish-English Dictionary

Synopsis

Welcome to the first comprehensive bilingual culinary dictionary created specifically for food, wine, and travel aficionados. Teacher, translator, and author Lourdes Castro deftly explains the differences—subtle and otherwise—among the cuisines of Spanish-speaking regions and offers a pronunciation for each term. *Eat, Drink, Think in Spanish* features 2,000 entries for ingredients, cooking methods, condiments, traditional dishes, kitchen equipment, and beverages. The Spanish-English portion will help you break through the language barrier to interpret and understand food and drink in español, and the English-Spanish part will reveal the most accurate translation for your best-loved foods and favorite cooking techniques.

Book Information

Customer Reviews

I've been looking all over for a book like this. I have a pretty good command of Spanish, but none of my lessons have covered this level of detail about food, so I often get flummoxed by menus in the fancier restaurants in Spain. The book is pretty comprehensive -- not only covering types of fish, meat, and vegetables, but down to herbs, spices, and cooking methods. I bought it as an ebook so I can take it with me -- it's a very handy reference.

This concise topical dictionary is very useful. It covers a full range of Spanish culinary verbiage and is a fine practical guide for cooking Spanish and/or Hispanic dishes, or for cooking with Spanish speaking people. Straightforward and easy to use.

Folks, this book is very well designed and laid out but absolutely only of any use if you are interested in and located in the americas. It's utterly useless (thinner than an 8 year old sock) when it comes to spanish food and beverage in spain. Better spending the money on a data pack and using your iphone or such in Spain.

Just spent a couple of week in Spain. Very few of the food related words that I wanted to find were in the dictionary. I had better luck using Google on my iPhone. I wish I could get my money back.

Bought one for myself and was so pleased I bought two more for two of my adult children to use in their homes!!! ;-)
