Customer Reviews

Creating beautiful cards gives pleasure to both the creator and the recipient. The right verses at the right time are so meaningful, and rarely forgotten! The quotes in Best Cards, Craft & Scrapbook Quotes are very inspirational. They also have a way of promoting one's own thoughts.

The reason I choose this rating was because the book was rather small but I didn't pay that much only 99 cents so I felt I got what I paid for. Just beware that it has 100 quotes in all. But you might find one you can use.

It gave me ideas which was what I needed . Glad I order it.Anyone looking for ideas or need more get it

Right now I am at a slow down on my scrapbooking, but I am really looking forward of getting started again. and when I do, I plan on using many of the quotes. Also, i would also like to try my hand at card making, so with having these quotes it will help me to make my cards seem more professional. These quotes along with the scrapbooking settings, and the cricquit helps that I now have down loaded I am ready to go. Thank you for them all.

as stated before it is a quick read, I thought the quotes good and can see how they will be useful in the future. It was only .99 so not alot of money lost. for a buck you can't beat it I have a couple of others that cost more than that and they were not, in my opion not as good.

I was disappointed with the VERY brief pages in this book! There could have been much, much more to add to it. The quotes that were in this book, are of a good enough nature for the cost. There were a few notes that could be helpful.Add more, and make it an addition to this book!

this book is something I really like because I find myself running out of things to say in a card so this book has helped me find the right thing to say plus I do so much scrap booking that thanks for coming out with something I will enjoy using

Yes there are quotes in this book and I have used some. They are not exciting or novel. but at least it gives me something to put on the card.If you want just simple quotes this is the app for you.
