# 101 Tips For Diabetes Self-Management Education

## Synopsis

Educate patients individually or as a group about managing their diabetes with these practical tips from the esteemed educators at the University of Michigan Diabetes Research & Training Center. These 101 Q&A tips are designed to help you develop and foster an effective self-management education program. Your guidebook begins with developing your vision and designing your curriculum and advances through the programâ <sup>™</sup>s phases from marketing and needs assessment to evaluating your program. Includes powerful tips for effectively communicating with patients.

#### **Customer Reviews**

As an internist who sees innumberable diabetics on a daily basis, I used this book to help my PA and I organize individualized diabetes classes for the diabetics in my practice. The book is a great guide for diabetics and is easy to read and understand. I think every diabetic should have one at home.
