Customer Reviews

Pegan diet is a unique blend of two powerful diet which I find truly interesting. The recipes included on this book are refreshing, with accessible ingredients (which you can get anywhere even from Walmart), easy to prepare, and very healthy. I love the twists on each menu and how the ingredients come together to pull off an exciting, delicious meals. I also love how nuts and other fruits were added to make a flavorful dish like cashews, pomegranate and more. The smoothies and other desserts seem divine! If you're a lover of asparagus like me, you'll definitely love the sauteed asparagus dish here. If you wanted to keep an exciting meal at home, at the same time, ensuring the quality and health value of each food you serve in your table, I highly recommend this book. I definitely want to share this with my family and friends.

I like this book because it is very clear and easy to understand. It contains the lists of yes and no foods. The recipes are great and I love the Banana Chocolate Pancakes. Who thought mixing these two ways of eating could be so delicious!

Although I was able to use a few good recipes, this is a Paleo diet only. Animal products are not part of a Vegan diet!

Not too many recipes here. Looks like with was made on a copy machine.
