Lalique Perfume Bottles

Synopsis

"Lalique Perfume Bottles" by Glenn and Mary Lou Utt is the definitive book on the work of the Lalique in one of the most important aspects of the family's design history. Rene Lalique designed the bottle for "l'Effleurt" for Francois Coty, originating the concept of a specific bottle designed for a single fragrance. Lalique later produced bottles that would house any of Coty's dozens of scents, but the concept of individuality in presentation was born in 1907. The book is thorough in its descriptions and its pictures. Every flacon mentioned is illustrated, and there is a table in the back which lists them all as well.

Rene Lalique designed the bottle for "l'Effleurt" for Francois Coty, originating the concept of a specific bottle designed for a single fragrance. Lalique later produced bottles that would house any of Coty's dozens of scents, but the concept of individuality in presentation was born in 1907. The book is thorough in its descriptions and its pictures. Every flacon mentioned is illustrated, and there is a table in the back which lists them all as well. There are two drawbacks to the first edition: There are some errors - pieces listed that are not in fact by Lalique, and some older designs have come to light. Much of this was dealt with in an addendum given to attendees at the International Perfume Bottle Collector convention in Atlanta in 1991, which may or may not be available elsewhere. The second drawback is that it was written in 1990, before a boom in perfume bottle collecting, which included the release

of Lalique's own fragrance in 1994. Bringing the first edition up to date would mean including the changes made in 1991, and adding more recent designs. Fortunately, other than the colored stoppers of the classic double dove bottle for "L'air du Temps," the only new styles are those produced by Lalique either for their main crystal line, or for their own four fragrances. I hope that the book is updated, I will be eager to add it to my collection.

Great.

Yo pude conseguir una edicion de Lalique Perfume Bottles by GLENN UTT, y me siento feliz por tenerlo y disfrutar de tanta belleza convertida en cristal. Ojala se actualice. Contacteme para intercambiar comentarios. Saludos, Maria

Soy coleccionista de botellas de perfume de Lalique, he oido hablar del libro "Lalique Perfume Bottles", escrito por Glenn and Mary Lou Utt. Siento mucho que estÃ© agotado, podrÃ­a ayudarme a conseguir un ejemplar? Los comentarios de Michael Trenteseau indican que es un verdadero conocedor del arte del cristal Lalique, me comunicarÃ© con Ã©l. La colecciÃ³n iniciada en 1994 para su propia fragancia Lalique es preciosa, espero con ansiedad y mucha curiosidad por ver la prÃ³xima. Yo las tengo todas, gracias al amor de mi familia, que cada aÃ±o me la regalan. Estoy interesada en conseguir libros relacionados con el arte del cristal Lalique. Espero la nueva ediciÃ³n de este libro en especial.
