## Synopsis

Look into a celebrity designer's inspiration book... Kathryn M. Ireland shows journeys she has taken and the places and people that inspire her creativity, from rural England to Southwest France, from the East Coast U.S. to the West Coast. Mixing textiles and fabrics with furnishings gathered on trips to Morocco, France, London and other international destinations, Kathryn creates sophisticated but welcoming room designs in the States and abroad, from city apartments to ranch homes and French farm houses.

## Customer Reviews

GREAT book. I buy lots of these design books and have returned my share of them. This is a really good book. It's an interesting and easy read. There is a nice variety of people and of houses. Overall, a really well done book and it would make a lovely gift for someone who is interested in design.

I love to see how others live. And more importantly with Kathryn Ireland's touch. Every time I go thru the book I find something newly discovered. I'd like to see more of this type of book on how we live.

Can't wait for her next book - I'm up to date. Adored her on Million Dollar Decorators and return again and again to her inspiring volumes. This is no exception to her excellent repertoire.

Kathryn M Ireland has created a book of great charm and wit -- a reflection of her own superb taste and unstoppable enthusiasm for beautiful spaces and beautiful friendships.
