Coloring With Metro: 30 Adult Coloring Pages Designed By A Painting Horse

Synopsis

"The horse that has a very unusual talent" - Matt Lauer, The Today Show Have you ever wanted to paint with a world famous artist? Well, this is your chance! Now you can paint with Metro, the amazing painting racehorse, using colored pencils, pens and crayons. Coloring with Metro is not your normal, boring adult coloring pages, where you color inside the lines and fill in the simple shapes that you get with most coloring books for adults or coloring books for kids. Instead, Coloring with Metro challenges you to channel your "inner artist" to find art in Metro's random shapes and scribbles. Every coloring sheet was done by Metro holding a pen in his teeth., and underneath all of the scribbles is a Ron Krajewski drawing of Metro, or one of his barn buddies or farm animals, just waiting to come forward. It's a horse book designed by a painting horse! Both grown-ups and children will have fun working with Metro's strokes to create their own unique and stunning work of art. Ron and Metro work side by side every day, making their own unique brand of art. Why don't you join them and find out if you have what it takes to color with Metro?

I purchased this coloring book for my wife and she loves it!! She follows Metro on Facebook and has an original painting and several prints of his. We went to see Metro and Pork Chop when they came to Penn National Race Course and I made a video of Metro. It's fantastic what Metro is doing for other retired racehorses. My wife would love to see his coloring pages created as a coloring app for electronic devices and maybe a second coloring book with pictures of flowers, birds, dogs and other

animals.

Love this! Was so excited when I received it in the mail and the mailman brought it to my door, I might have jumped up and down! I stopped what I was doing and sat down and started coloring and it was like I was a kid again. Great gift for those friends and relatives who are crazy about horses or little girls who are horse crazy.

Love Metro! This coloring book can be simple or more challenging depending on how you approach it. I think it is a very creative use of Metro's talent. It can be hard to see a design until you actually start coloring on it, but I think that's the beauty of it. Knowing many of the lines that make it a mosaic were done by a horse is pretty outstanding. This is definitely a unique offering unlike any other coloring books out there and it benefits charity. A win win!

I love this coloring book! It's very different from other coloring books because it's almost like you're making your own picture. There are the squiggly lines that Metro makes when he paints and then behind and in between those lines is an actual picture so you can make it your own by blending them together or make it stand out. I'm really enjoying it. And of course I love Metro, Porks Chop, Lamont, and friends.

I am a horse lover and came across Metro one day on Face Book. He is an amazing artist with his dad Ron Krafewski's help. I really think it is amazing how Ron took a horse from a death bed to making money to support his care and the care of other race horses. Hats off to you Metro !! Metro's coloring book is amazing. I have yet to color in it but look forward to that. Metro is a character that is making way around the world. My favorite horse ever. Thank You Metro for all you do!!

Wonderful Fun!! And you don't have to be an artist to enjoy it. What a lovely way to take some time to relax and color! The pictures are great (especially for a horse lover, but you don't have to be one to enjoy the book), and being able to blend colors and "go outside the lines" is totally fun. I eagerly await another one.

Just bought this for my niece for Christmas. I was a bit afraid it might be too hard for her, but it's very easy to see the outlines of the horse heads, and I think she'll love it. Five stars from this horse lover! Paint on, Metro!
