Customer Reviews

This book is great because every recipe is absolutely delicious, AND gluten free. Whether you are following a gluten free diet, or cannot eat gluten for other reasons, all of these recipes will be perfect for you. Also, all of the recipes are easy to follow, and are made in the slow cooker. I love how the book has slow cooker recipes for breakfast, chicken, beef, pork & lamb, soups, fish & seafood, and dessert. All in all, a great way to gain new slow cooker recipes while being gluten free.

Very nice overview! I'm a big believer of the importance of healthy food, so I'm always looking for new information on the subject. And I must admit this book blew my mind! It's a really nice compilation of advice and ideas on Friendly Wheat Free Meals and as it says in the title "They Are Ready When You Are"™. Charity Wilson did a great job here giving us some spectacular gluten free options. Go ahead and grab a copy. It's totally worth it!

Two things I love in this book: the recipes are gluten free (a sure way to be healthy) and it uses a slow cooker - I just love it. So you can get the best of 2 worlds: the healthy part and, also very important, the comfort of leaving the slow cooker working while you do what you enjoy doing.

There are a lot of recipes to suit just about anyone. I like the discussion about gluten sensitivity and the list of items to eat and to stay away from. Even if you don't need gluten-free items, this collection is good to have on hand if you have friends or weekend guest over who suffer from this intolerance. Great variety offered. Being a bacon lover, myself, I think I'm going to try the Bacon Casserole for Sunday brunch.
