Customer Reviews

Great basic book. Excellent easy to do patterns. This is an easy to use book with beginner patterns to cut out. They are very simple to do and they look great. The patterns in this book will make you look like a pro.

My husband does more single patterns, and there seemed to be more layered patterns, but still some things he can make.

Works as advertised. My only complaint is the collar doesn't stay charged for very long.

pictures look like they will be easy to do. Christmas here we come!

good book, good patterns and quick projects for the young kids.
