Customer Reviews

For the almost give-away price, this is an outstanding bargain for the information it gives. For those who are reluctant to install Windows 10, (especially if you are using Windows 7), it is an excellent help to ease the transition to Windows 10 and it tells you how to make some basic adjustments to Windows 10 to personalize it a bit more to your liking.

As I have Windows 10 and it is somewhat different than Windows 7, I needed some assistance on

using the system. I do like W10

The information presented is good. The author appears to have rushed the book to print and just spell checked the document and did not proofread it. There are many spell check errors (spelling correct but wrong word) Makes the author seem amateurish.

Very good book. Thank You.

terrific help with new Windows 10 software. Excellent seller- would buy from again.++++++++++

I haven't had the opportunity to get into this yet as I am in the processing of moving.

Excellent Transaction! I Highly Recommend A+A+A+A+A+

Nice information to increase productivity.
