## Customer Reviews

been following dave and steve on social media. they have helped me to further my love of veggie power. im sugar dairy wheat free and have made a lot of the wonderful recipes now if i could only do a handstand.

I did not buy this particular Happy Pear cookbook on , but I bought it in Ireland at their restaurant I loved it that much!! I just now ordered their older cookbook from , which I checked out at the library in Ireland and loved it too (I live in the US and travel to Ireland frequently. The recipes in this book are easy to follow once you get the hang of measurement conversions or looking them up online. I've been a vegetarian for over 25 years, and sometimes it's hard to convince carnivores to eat something made from a vegetarian cook book, but my carnivore fiancé loves the recipes from these cookbooks!!! some are time consuming, but just as many are quick. All are tasty!! Also, check out their 5 minute recipes on their web site...you won't be disappointed!!

Great work Happy Pear, love your recipes, message and continual inspiration! Keep it up, and twin power!! ••••• mucho abundance!

Everyone should eat like this.
