Customer Reviews

I have been wanting to learn how to make my own soaps. This book is a great start for anyone who is a beginner. It gives step by step instructions on how to make each soap. Gives you step by step on what you will need, and goes into detail for everything. Super easy for anyone to follow who is new to making their own soaps. I cannot wait to get some made up for some gifts. I received this at a discounted price for my honest review

This is a nice starter book for anyone wanting to learn to make soap. It does have helpful explanations and recipes for making soap. Grammatical errors detract from reading it, but if you are just starting out, it is worth taking a look at.

Thank you Josephine Simon
